The consolidated financial statements have been prepared under the historical cost basis except for investment properties and certain financial instruments, which are measured at fair value.

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). In addition, the financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and by the Hong Kong Companies Ordinance.

Ordinance.

In the current year, the Group has applied, for the first time, a number of new HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations ("INTS") (hereinafter collectively referred to as "new HKFRSs") issued by the HKICPA that are effective for accounting periods beginning on or after 1 January 2005. The application of the new HKFRSs has resulted in a change in the presentation of the consolidated income statement, consolidated balance sheet and consolidated statement of changes in equity. In particular, the presentation of mimority interests has been changed. The application of the new HKFRSs has resulted in changes to the Group's accounting policies in the following areas that have an effect on how the results for the current and/or prior accounting years are prepared and presented.

In the current year, the Group has applied the transitional provisions of HKFRS 3 "Business Combinations" to goodwill acquired in business combinations for which the agreement date was before 1 January 2005. The principal effects of the application of transitional provisions of HKFRS 3 to the Group are summarised below:

Goodwill

In previous years, goodwill arising on acquisitions before 1 January 2005 was capitalised and amortised over its estimated useful life. The Group has applied the relevant transitional provisions in HKFRS 3. With respect to goodwill previously capitalised on the balance sheet, the Group on 1 July 2005 eliminated the carrying amount of the related accumulated amortisation of HKS13,704,000 with a corresponding decrease in the cost of goodwill. The goodwill was fully amortised prior to 1 July 2005 and is therefore not subject to further impairment test. Comparative figures for 2005 have not been restated. Goodwill arising on acquisition on or after 1 January 2005 is measured at cost less accumulated impairment losses (if any) after initial recognition.

Excess of the Group's interest in the net fair value of acquiree's identifiable assets, liabilities and contingent liabilities over cost (previously known as "negative goodwill")

In previous years, negative goodwill arising on acquisitions prior to 1 July 2001 was held in reserves. In accordance with the relevant transitional provisions in HKFRS 3, the Group derecognised all negative goodwill of HK\$1,538,000 on 1 July 2005, with a corresponding increase in the Group's retained profits.

Financial Instruments

In the current year, the Group has applied HKAS 32 "Financial Instruments: Disclosure and Presentation" and HKAS 39 "Financial Instruments: Recognition and Measurement". HKAS 32 requires retrospective application. HKAS 39, which is effective for accounting periods beginning on or after 1 January 2005, generally does not permit the recognition, derecognition or measurement of financial assets and

liabilities on a retrospective basis. The application of HKAS 32 has had no material impact on how financial instruments of the Group are presented for the current and prior accounting periods. The principal effects resulting from the implementation of HKAS 39 are summarised

Classification and measurement of financial assets and financial liabilities

The Group has applied the relevant transitional provisions in HKAS 39 with respect to classification and measurement of financial assets and financial liabilities that are within the scope of HKAS 39.

Financial assets and financial liabilities other than debt and equity securities

From 1 July 2005 onwards, the Group classifies and measures its financial assets and financial liabilities other than debt and equity securities (which were previously outside the scope of Statement of Standard Accounting Practice 24) in accordance with the requirements of HKAS 39. Financial assets ander HKAS 39 are classified as "financial assets". "Ionas and receivables" or "held-to-maturity financial assets". Financial liabilities are generally classified as "financial liabilities at fair value through profit or loss of or "financial liabilities other than financial liabilities)". "Other financial liabilities of the receivable of the financial liabilities)". "Other financial liabilities" are carried at amortised cost using the effective interest method after initial recognition.

Upon applying HKAS 39, the Group calculated the imputed interest of interest free loan receivables. As a result, the carrying amount of the loan receivables has been decreased by HKS1,328,000 on 1 July 2005. Corresponding adjustment has been made to the Group's retained profits and minority interests (see note 2 for financial impact).

Potential impact arising on the new or revised accounting standards not yet effective

The Group has not applied early the following new or revised standards, amendments and interpretations that have been issued but are not yet effective. The Group has already commenced an assessment of the impact of these new or revised standards, amendments and interpretations which have not been applied early by the Group. Except for the impact of HKAS 21 (Amendment) "Net investment in a foreign operation", which relates to inter-company loans which form part of net investment in a foreign operation", HKAS 39 & HKFRS 4 (Amendments) "Financial guarantee contracts", which requires recognition of financial guarantee at fair value on initial recognition, the Group anticipates that the applications of the other new or revised standards, amendments and interpretations would nake significant impact on the financial statements of the Group. The Group is in the midst of determining the impact of the amendments to HKAS 21 and HKAS 39.

RESULTS REVIEW

For the year ended 30 June 2006, the turnover of the Group amounted to HK\$171,469,000 showing an increase of 35% as compared with HK\$126,939,000 for the previous year. It is primarily attributable to the booking of sales of Phase III of Chaoyang Garden in Beijing during the year. Despite reduced rental receipts following the disposal of Dynamic Carp Centre and lower profit from port operations, the gross profit for the year was HK\$47,170,000 — a slight drop of about 2% as compared with the previous year.

The disposal of the Group's cargo centre at a cash consideration of HK\$632,000,000 realised a capital gain of HK\$128,096,000. This together with property sales and rental revenue produced an aggregate profit of HK\$130,160,000 attributable to shareholders of the Company for the year, representing an increase of 41% from HK\$92,135,000 of the previous year. Earnings per share for the year were HK\$0.594 as compared with HK\$0.421 in the previous year.

BUSINESS REVIEW

Beijing

During the year under review, the construction of Phase III of Chaoyang Garden, was completed. To date, about 66% of commercial apartments known as "Inspiring Space" had been sold and delivered to buyers. The turnover of HK\$139,187,000, had been duly accounted for in the income statement of the year.

Leasing of space at the shopping mall known as "Uptown" had commenced in the first quarter of 2006 and the result was satisfactory. So far, about 76% of leasable floor area had been let to retailers including some well-known international brands.

Hong Kong

During the year, the Group disposed of its investment properties known as Dynamic Cargo Centre for a total cash consideration of HK\$632,000,000 and realised a capital gain of HK\$128,096,000. Details of the disposal were provided in a circular of the Company dated 31 October 2005 sent to all the shareholders. The disposal paved the way for the strategic move to re-align the Group's investment in favour of higher-yield RMB based assets.

Shanghai

Year ended 30 June 2006 2005

As a step of the strategic investment move, the Group acquired during the year, from a connected parties, 182 high quality office units with a total gross area of 30,188 square metres in an office/commercial/hotel complex in Pudong, known as Eton Place for a sum of HK\$728,000,000. The acquisition is subject to the vendor's gross rental guarantee yield of 8% per annum for three years from date of delivery. Details of the transactions were disclosed in a circular of the Company dated 24 February 2006 sent to all the shareholders. The acquisition was completed in March 2006 upon shareholders' approval.

Revenues from port operations in Tung Kok Tau in Shekou were lower in the year as the Group started to phase out the port operation prepare the site for redevelopment. The Group believes that its new redevelopment plan for Tung Kok Tau will be in harmony wireplanning by the city authorities which will enhance its economic value.

Meanwhile, the Group has lodged a petition for international arbitration with the aim to settle conclusively the protracted disputes over the equity interests with the Chinese joint venture partner. It is currently expected that the initial hearing will be held around early part of 2007.

The financial position of the Group remains sound and liquid, and its financing and treasury policies are managed and controlled at the corporate level and prudent manner. At 30 June 2006, the equity attributable to shareholders amounted to HK\$1,026,627,000 (2005: HK\$83,1,31,000) with net asset value per share of HK\$4.69 (2005: HK\$3.79). PROSPECTS

Beijing

As Beijing approaches the 2008 Olympic Game, the strong growth of the mainland economy continues to raise disposable income. Sustained investor confidence and inflow of capital, lead to a buoyant market sentiment. Demands for retail space commercial apartments are expected to grow. Phase III of Chaoyang Garden, will become a new hive of activities in the Chaoyang District.

Shanghai

Demand for prime office premises in Shanghai remains robust. In September 2006, the whole lot of 182 high quality office units of West Tower of Eton Place was delivered. Located on the bank of the Huangpu River and adjacent to the Lujiazui financial district in Pudong, it is now one of the prime investment of the Group in China. Over the next three years, the guaranteed gross rental yield of 8% per annum will contribute a steady source of income. We believe however that rental earning can improve once the property is fully let.

Momentum for home buying in Shenzhen continues to be strong amid the city's solid economic growth despite market cooling measure taken by the authorities. The impending completion of the Western Corridor link between Hong Kong and Shenzhen will transform Tur Kok Tau into a new focal residential/commercial district, which will enhance economic value of the re-development of Tung Kok Tau
