In 2004, the China economy recorded continuous healthy growth. Its per capita GDP grew by 9%over that of 2003, and for Guangzhou it was high at 15%. As for the real estate market, benefited from the improving living standard and the demand for better living environment of the country, the Group's total amount of transactions of primary property reached over RMB10 billion in 2004, representing a substantial increase of over 72% as compared with RMB5.8 billion in 2003. Driven by these favourable factors, the Group reported excellent performance in 2004. Its turnover reached HK\$162.2 million, representing an increase of 64.7% over last year's HK\$98.5 million. Profit before tax increased 65.7% to HK\$70 million (2003: HK\$42.3 million). Profit attributable to shareholders amounted to HK\$48.6 million, compared with HK\$42.1 million last year. Due to the tax credit of HK\$3.1 million granted to the Group in 2003, the percentage increase of profit before tax is higher than that of profit attributable to shareholders. Basic earnings per share amounted to HK33.2 cents (2003: HK36.0 cents).

During the year under review, the commission income generated from the Group's primary property real estate agency service amounted to HK\$104.2 million (2003: 58.9 million), contributing approximately 61.1% of its total turnover (2003: 56.9%). Helped by the active and prudent investment and development strategies of the Group, the sector contributed about 21.9% to the Group's total turnover in 2004 (2003: 23.1%).

Geographically, Guangzhou remained the Group's core development base, accounting for 69% of the Group's total turnover. Revenue generated from rapidly developing cities such as Dongguang and Foshan and consultancy services provided to over 15 cities in the PRC together contributed 31% of the Group's turnover.

The Group has been successfully listed on the Stock Exchange since 15 July 2004. This marked a milestone in the Group's long term development, which raised the Group's corporate profile and led the Group towards its ongoing pursuit of quality management.

Primary Property Real Estate Agency Service

As the purchasing power of PRC citizens continued to increase, the average property price in Guangzhou grew by 18%. The Group's primary property real estate agency service business benefited from the growth of Guangzhou's property market and recorded satisfying results during the year under review. The Group was the sole agent of about 74 primary property projects in 2004, exceeding by far the 55 primary property projects it handled in 2003. The total floor area sold by the Group also surged from 11.7 million sq.ft. in 2003 to about 17.9 million sq.ft. in 2004. Projects such as Hui Jing New City (匯景新城), Guang Da Garden (光大花園), Liana Bay (利雅灣), Foshan Olympic Garden (佛山奧園), Dongguan Jiang Nan Garden (東莞江南世家), Nanguo Olympic Garden (南國奧園), Mainland Lake Garden (美林湖畔花園) received overwhelming response from property buyers and recorded remarkable sales. Over 90% of the first lot containing 400 units of Wonderland (四季花城) launched by Wanke Group (萬科集團) were sold on the first day. The number of transactions of Mainland Lake Garden (美林湖畔花園) in Guangzhou exceeded 1,100 during the Labour Day week in May 2004, making a new record and topping all Guangzhou residential projects.

Hopefluent has forged solid relationship with leading property developers in the PRC through providing one-stop-shop services covering planning of marketing programmes, handling of sales and related consultancy services, property transferal and mortgage arrangements. Leveraging the well-established relationship with property developers, the Group aggressively expanded its market presence outside Guangzhou to a much wider area including Tianjin, Foshan, Dongguan, Wuhan and Shanghai. Hopefluent's co-operation with Wanke Group is an example of such initiatives. The Group was the sole agent for Wonderland, a Wanke Group's project in Guangzhou. The project received overwhelming response, leading to the award of sole agency right to Hopefluent by Wanke Group for its other projects in Wuhan and Dongguan, reaping the benefits of integration of resources.

Hopefluent received the "TOP 10 Chinese Real Estate Business Corporations" Award at the 2004 China International Real Estate & Archi-tech Fairs (CIHAF) held in Shanghai in December 2004. Hopefluent is the only company from Guangzhou area who received this award. CIHAF is the largest national residential real estate industry exhibition. Representative of the industry, the event has been where the public and real estate professionals turned to for authoritative reference on mainstream industry trend since 2000.

Secondary Property Real Estate Agency Service

In recent years, as banks introduce more flexible mortgage policy, the quality of secondary properties improves, the secondary property market experienced robust growth. To grasp this market opportunity, the Group took full reference of its existing customer base and opened additional branch offices in Guangzhou for maximum coverage. The Group's branch offices in Guangzhou for secondary property real estate agency service rapidly climbed from 18 as at 31 December 2003 to 59 as at 31 December 2004. The Group also set up a new main office and three branch offices for secondary real estate business in Shanghai during the year under review to capture business opportunities in the vigorously thriving secondary property market in Shanghai. The Group handled over 5,500 transactions in 2004.

PROSPECT

Looking ahead, the Group sees continuous steady development for the real estate market in the PRC. Despite the slight increase in property mortgage interest rate, potential property buyers in the market are generally optimistic about the property market and agree that secondary properties are better value buy. Riding on the favourable market atmosphere, the Group will follow the market closely and flexibly allocate its resources to capture market opportunities.

In the primary real estate market, the Group will continue to expand its business into areas outside Guangzhou. When exploring new markets, the Group will apply prudent strategy and enter a new market only after thorough consideration and the emergence of a viable customer base. The Group plans to set up new branches in Beijing, Jinan, Nanjing, Hefei and Changsha to boost its agency business and the number of consultancy contracts. Currently, the Group has approximately 90 projects on hand.

Turning to the secondary property real estate market, the Group will discreetly yet actively expand its market coverage in line with demand. The Group plans to further expand the number of its secondary property real estate agency service branches from 72 currently to 100 in Guangzhou and from 3 to 10 in Shanghai. Moreover, the Group will focus on seeking more expansion opportunities taking full advantage of its existing customer base, and further strengthening its relationship with leading property developers to ensure its long-term success.

Armed with a unique business model and boasting brilliant prospect, the Group was spotted by Value Partners Limited, a renowned institutional investor. In January 2005, Value Partners subscribed shares of the Group and became a strategic investor of Hopefluent. The placing helped expand the shareholder base of the Group and introduced Hopefluent to more overseas investors.

With a solid business foundation, the management is confident of the Group's future development and ability to bring satisfying long term returns to its shareholders.
