**REVISED CAPS FOR A CATEGORY OF CONTINUING CONNECTED TRANSACTIONS
AND
RE-DESIGNATION OF DIRECTORS**

**REVISED CAPS FOR A CATEGORY OF CONTINUING CONNECTED
TRANSACTIONS**

Reference is made to the 2005 Circular in relation to continuing connected transactions between the Group and CNOOC and/or its Associates. These continuing connected transactions include the Relevant Category as described below.

CNOOC indirectly owns approximately 66.41% of the issued share capital of the Company. Accordingly, CNOOC is a connected person of the Company and transactions between CNOOC and/or its Associates and the Group constitute connected transactions of the Company for the purpose of the Listing Rules. The Independent Shareholders approved continuing connected transactions with CNOOC and/or its Associates and the relevant annual caps at an extraordinary general meeting of the Company held on 31 December 2005.

The value of continuing connected transactions under the Relevant Category is subject to annual caps for the year ending 2006 and 2007. Independent Shareholders' approval will be required if any of the relevant annual caps needs to be revised pursuant to Chapter 14A of the Listing Rules.

The Directors have been monitoring the value of the Company's continuing connected transactions. With the increases in international oil and gas prices in the first half of 2006 and potential increases of international oil and gas prices for the rest of 2006 and in 2007, the Directors consider that the existing annual caps for 2006 and 2007 for one category of continuing connected transactions, namely the Relevant Category, will not be sufficient for the Group's requirements. The Directors therefore propose that the existing annual caps for the Relevant Category be revised.

An Independent Board Committee has been formed to advise the Independent Shareholders in connection with the Revised Caps for the Relevant Category, and ICEA has been appointed as the Independent Financial Adviser to advise the Independent Board Committee and the Independent Shareholders.

A circular containing, amongst other things, further information on the Revised Caps for the Relevant Category, a letter from the Independent Board Committee, an opinion of ICEA, the Independent Financial Adviser, together with a notice to convene an extraordinary general meeting to approve the Revised Caps for the Relevant Category, is expected to be issued to Shareholders as soon as practicable.

RE-DESIGNATION OF DIRECTORS

The Board also announces that Mr. Luo Han, Mr. Cao Xinghe and Mr. Wu Zhenfang will be re-designated from Executive Director to Non-executive Director with effect from 1 September 2006.

REVISED CAPS FOR A CATEGORY OF CONTINUING CONNECTED TRANSACTIONS

Background

Reference is made to the 2005 Circular in relation to continuing connected transactions between the Group and CNOOC and/or its Associates. These continuing connected transactions include the Relevant Category as described below.

CNOOC indirectly owns approximately 66.41% of the issued share capital of the Company. Accordingly, CNOOC is a connected person of the Company and transactions between CNOOC and/or its Associates and the Group constitute connected transactions of the Company for the purposes of the Listing Rules. The Independent Shareholders approved continuing connected transactions with CNOOC and/or its Associates and the relevant annual caps at an extraordinary general meeting of the Company held on 31 December 2005.

The value of continuing connected transactions under the Relevant Category is subject to annual caps for the year ending 2006 and 2007. Independent Shareholders' approval will be required if any of the relevant annual caps need to be revised pursuant to Chapter 14A of the Listing Rules.

The Directors have been monitoring the value of the Company's continuing connected transactions. With the increases in international oil and gas prices in the first half of 2006 and potential increases of international oil and gas prices for the rest of 2006 and in 2007, the Directors consider that the existing annual caps for 2006 and 2007 for one category of continuing connected transactions, namely the Relevant Category, will not be sufficient for the Group's requirements. The Directors therefore propose that the existing annual caps for the Relevant Category be revised.

Sales of petroleum and natural gas products by the Group to CNOOC and/or its Associates

The Company entered into a Comprehensive Framework Agreement on 8 December 2005 with each of CNOOC, COSL and OOECL for the provision (1) by the Group to CNOOC and/or its Associates and (2) by CNOOC and/or its Associates to the Group, of a range of products and services which may be required and requested from time to time by either party and/or its Associates, details of which are set out in the 2005 Circular.

The term of each of the Comprehensive Framework Agreements was for a period of two years from 1 January 2006. The Comprehensive Framework Agreements and respective annual caps for each category of continuing connected transactions were approved by the Independent Shareholders at the extraordinary general meeting of the Company on 31 December 2005. The Relevant Category was one of the categories of continuing connected transactions.

As disclosed in the 2005 Circular, the Group may sell petroleum and natural gas products, including crude oil, condensate oil, liquefied petroleum gas, natural gas and liquefied natural gas, to CNOOC and/or its Associates which engage in downstream petroleum business at state-prescribed prices or local, national or international market prices and on normal commercial terms. It is envisaged that individual sales contracts will be entered into from time to time between the Group and CNOOC and/or its Associates in relation to such sales. Although most of the natural gas and liquefied natural gas will be sold under long term sales contracts, which is the subject of a separate category of continuing connected transactions, the Group also sells natural gas and liquefied natural gas products to CNOOC and/or its Associates on a short-term basis for the purpose of peak adjustments and to achieve higher margins.

For the three years ended 31 December 2005 and the six months ended 30 June 2006, sales of petroleum and natural gas products by the Group to CNOOC and/or its Associates were approximately RMB8,324 million, RMB13,630 million, RMB25,988 million and RMB18,761 million respectively.

Revised Caps and rationale

The Board has proposed that the following Revised Caps in respect of the Relevant Category be set as the maximum annual value of such transactions for the years ending 31 December 2006 and 2007:

The continuing connected transactions	Historical amount	Existing Annual Caps	Revised Caps	Basis of determination of the Revised Caps
Sales of petroleum and natural gas products	For the three years ended 31 December 2005 and the six months ended 30 June 2006, RMB8,324 million, RMB13,630 million, RMB25,988 million and RMB18,761 million, respectively	For the two years ending 31 December 2007, RMB33,469 million and RMB44,199 million, respectively	For the two years ending 31 December 2007, RMB48,806 million and RMB63,251 million, respectively	The annual Revised Caps for the Relevant Category have been determined with reference to historical transactions and transaction amounts in respect of sales of petroleum and natural gas products by the Group to CNOOC and/or its Associates; the ongoing development of existing oilfields and the development of several new oilfields offshore China which may come on stream in the next two years; the estimated resultant increase in sales; internal estimates of and potential increases in the demand of the Company's oil and gas products from CNOOC and/or its Associates; and an internal reference crude oil price taking into account potential increases in the prices of oil and gas, particularly crude oil. In determining the amounts of the Revised Caps, the Company also took into account the fact that crude oil from new oilfields of the Company, which is expected to be made up of a higher proportion of heavy crude oil, needs to undergo refining processes which are carried out primarily by CNOOC and/or its Associates.

Reasons for and benefits of the continuing connected transactions under the Relevant Category

Prior to the restructuring of CNOOC and establishment of the Company, CNOOC and/or its Associates and the Group operated as an integrated organisation which undertook numerous intra-group transactions each year. As a consequence of the restructuring and upon the listing of the Company's shares on the Stock Exchange, a number of transactions which have been entered into and which are to be entered into between the Group and CNOOC and/or its Associates will constitute continuing connected transactions for the Company under the Listing Rules.

The continuing connected transactions under the Relevant Category are and will be conducted in the ordinary and usual course of business of the Company. This category of transaction will continue to be agreed on an arm's length basis with terms that are fair and reasonable to the Company. Due to the long-term relationship between the Group and the CNOOC Group, the Board considers it to be beneficial to the Company to continue to enter into the continuing connected transactions as these transactions have facilitated and will continue to facilitate the operation and growth of the Company's business.

The Board considers that the continuing connected transactions under the Relevant Category have been conducted on normal commercial terms or on terms no less favourable than those available to independent third parties, under prevailing local market conditions, and were entered into in the ordinary and usual course of business of the Group, are fair and reasonable and in the interests of the Company and our Shareholders as a whole, and that the Revised Caps for the Relevant Category are fair and reasonable.

Disclosure and Independent Shareholders' approval requirements

Under the Listing Rules, the continuing connected transactions under the Relevant Category are subject to reporting, announcement and Independent Shareholders' approval requirements. The Company will seek Independent Shareholders' approval at the Extraordinary General Meeting for the Revised Caps on the condition that:

1. the annual amounts of the continuing connected transactions under the Relevant Category shall not exceed the Revised Caps;
2. (i) the above continuing connected transactions will be entered into in the usual and ordinary course of businesses of the Group and either (A) on normal commercial terms or (B) if there is no available comparison, on terms no less favourable to the Group than terms available from independent third parties; and

(ii) the above continuing connected transactions will be entered into in accordance with the relevant agreements and on terms that are fair and reasonable and in the interests of the Shareholders as a whole.

The Company will comply with relevant provisions of the Listing Rules in relation to the continuing connected transactions under the Relevant Category.

APPROVAL BY INDEPENDENT SHAREHOLDERS

As CNOOC indirectly owns an aggregate of approximately 66.41% of the issued share capital of the Company, the Revised Caps for the Relevant Category are subject to approval by the Independent Shareholders under the Listing Rules. In view of the interests of CNOOC held indirectly through OOGC and CNOOC BVI, OOGC, CNOOC BVI and their respective Associates will abstain from voting in relation to the resolutions approving the Revised Caps for the Relevant Category.

An Independent Board Committee has been formed to advise the Independent Shareholders in connection with the Revised Caps for the Relevant Category, and ICEA has been appointed as the Independent Financial Adviser to advise the Independent Board Committee and the Independent Shareholders.

GENERAL

The principal business activity of the Company is investment holding. The Group principally engages in the exploration, development, production and sales of crude oil and natural gas and other petroleum products.

The CNOOC Group principally engages in the provision of technical services, logistic services, chemicals and fertilizer production, natural gas and power generation, and financial services.

A circular containing, amongst other things, further information on the Revised Caps for the Relevant Category, a letter from the Independent Board Committee, an opinion of ICEA, the Independent Financial Adviser, together with a notice to convene an extraordinary general meeting to approve the Revised Caps for the Relevant Category, is expected to be issued to the Shareholders as soon as practicable.

RE-DESIGNATION OF DIRECTORS

The Board also announces that Mr. Luo Han, Mr. Cao Xinghe and Mr. Wu Zhenfang will be re-designated from Executive Director to Non-executive Director with effect from 1 September 2006.

Luo Han

Born in 1953, Mr. Luo received a doctorate degree from the Petroleum University in China. He has over 30 years of experience in the oil industry in the PRC. He joined CNOOC in 1982.
