The Group recorded unaudited revenue of approximately HK\$895.6 million for the six months ended 30 June 2006 comprising fabrics and dyed yarn, representing an overall growth of approximately 17.8% over the same period last year. The growth in revenue was attributable to the expansion of sales network by obtaining new customers and growth of order from the existing customers as well as expansion of the yarn dye operation.

from the existing customers as well as expansion of the yarn dye operation. The gross profit for the six months ended 30 June 2006 was approximately HK\$181.8 million, representing a decrease of approximately 4.1% compared with the same period last year. The gross profit margin of approximately 20.3% for the six months ended 30 June 2006 showing a decrease of approximately 4.6% points over the gross profit margin of approximately 24.9% for the same period last year. The decline in gross profit margin was mainly due to the decrease in selling price of fabric in view of the competitive market as well as increase in overhead and costs incurred for restructuring and relocation of machinery. Unaudited net profit attributable to shareholders for the six months ended 30 June 2006 was approximately HK\$57.2 million, representing a decrease of approximately 18.2% compared with the same period last year.
